NUMBER 8292

DREDGING OF HARBOR IS FAVORED

Council Thinks Well of Scheme to Deepen Depth of Channel So Boats Can Ride in At All Times.

PROPERTY OWNERS MAY DONATE TO PROPOSITION

Dearth of Finances Causes Board to Refer Matter to Members of Finance Committee to Consider.

Stating that because of the shallow depth of the inner harbor of Richmond that it is a difficult matter arranging for water transportation, Captain Lauritzen of the Richmond Navigation Company last night, in a communication to the council, asked that body to take immediate steps to dredge the channel of the harbor to a width of 100 feet and a depth of six feet deeper than it is at the present time. Lauritzen asserted that as the harbor is at present the matter of carrying on water transportation between this city and other bay ports is difficult at low tide.

Councilman Pollett of the finance committee asserted that it is his opinion that the dredging of the harbor is a necessity, but he further said that there are no funds available at this time for the work. Willis stated that the matter of dredging the inner channel is a good proposition and that dredging would be a big benefit to this city. The matter was finally referred to the finance committee.

A communication from E. M. Hornbeck in regard to the dredging of the channel was read. Hornbeck claims that he is advised that certain property holders in the Richmond Harbor tract and the Hermann subdivision are anxious to fill in their lots and that the money, derived from this filling could go toward the dredging work. Hornbeck asserted that in his opinion a canvas of the property holders would be the proper thing. He has been advised that certain other interests would contribute to the work, and the amount they put up, in addition to that paid by the property holders, who wish to fill in six inches or a foot on all lots, would make the matter of raising finances to prosecute the work comparatively easy.

Union men, we are all doing it, sending our suits to Mayer's American Cleaning Co. to be cleaned, pressed or repaired. Phone 4821. 1116 Macdonald ave.

KNOTT MAY NOT, BUT FRIENDS SAY "YES"

SUPERVISOR (K)NOTT.

Is he worrying? Take a look at that million dollar smile, then answer the question. Of course Knott is not. If he was he would not be Knott. There is not another answer, says Knott, than a favorable one to the Knott argument.

If Knott is not supervisor this fall there will not be any one else but Knott to worry. But there is not one single chance of Knott not being Supervisor Knott this fall. Do you think not? Of course not, Knott.

SKULL CRUSHED BY TRAIN OF ESPEE

Patrick Gilshan of 2631 Nineteenth street, San Francisco, was killed by a Southern Pacific train on the California street line, in Albany Sunday afternoon.

The man was walking along the track, according to Motorman Frank Jordan, and apparently did not hear the train approaching or the bell ringing. Gilshan's skull was fractured and body terribly crushed. He died on the operating table at the Roosevelt hospital, where the police took him. Gilshan was about 55 years old. He was identified during the evening by friends from San Francisco, who were notified of the accident by the hospital authorities.

BATTERY CASES TO COME UP WEDNESDAY

Next Wednesday morning at 10 o'clock is the time set for the trials of Robert Cleek and "Slim" Keifer, two local young men who are charged with battery. It is probable that the proceedings will be temporarily halted as both Cleek and Keifer have declared that they will ask for a jury trial.

Hubert Swanson, the complaining witness, who was badly beaten up in the fight that occurred last Sunday morning, is still at the Craven hospital, but his recovery has been so rapid that it is expected he will be able to be out in a few days.

Subscribe for the News.

SWANSON IS REPORTED SINKING

Victim of Robert Cleek and "Slim" Keifer Reported as Sinking at Craven Hospital Last Evening.

POLICE PREPARE FOR IMMEDIATE ARRESTS

May Take Robert Cleek in Custody, Despite Fact That He Is Now Enjoying Liberty on Bonds.

That Hubert Swanson has taken a turn for the worse and that there is a possibility that he may succumb to the injuries he received at the hands of Robert Cleek and "Slim" Keifer, was the statement made by the police last evening.

Unless Swanson shows much better signs, the trial, scheduled for next Wednesday, will be postponed. According to the rumors on the streets last evening, Cleek will be taken into custody today if Swanson continues to decline.

INNER HARBOR TO BE TALKED AT LUNCHEON

In order that matters pertaining to Richmond's harbor may be given due consideration and in order to talk over ways and means for the rushing of work on the harbor, the members of the City Council last night accepted the invitation of the Richmond Industrial Commission to lunch with the commission at the Hotel Sutter in San Francisco. The luncheon will be held at 1 o'clock on the afternoon of Saturday.

Colonel Thomas H. Rees will be in attendance at the luncheon. H. W. Wernse, secretary of the commission, stated last night that Rees found it impossible to attend the meetings of the council on account of the press of other work.

In addition to the members of the council, City Attorney Hall and Engineer Harland will be in attendance at the meeting.

ASPHALT PLANT NEARS COMPLETION

By next Wednesday evening the big asphalt plant being constructed near the Santa Fe yards will be completed and ready to turn out the street paving material. All of the machinery has arrived from Fresno and the tanks are being installed.

Other work on Richmond avenue is progressing rapidly under Superintendent Paul, and many blocks of the curbing and side walks have been laid.

STAR SHOW BEST EVER

Financially, socially and from every point of view the "Darling of Paris," presented at the Richmond Theater last evening by Acantha Chapter No. 249, Order of Eastern Star, was a huge success. Mrs. W. H. Braine, who played the leading role of Miss Fotheringay, the Darling of Paris, went about her task as if the calcium glare was her accustomed haunt. She was applauded frequently.

A. F. Rice as Dick Desmond was also the source of much favorable comment. Mrs. M. A.

Chandler, Mrs. Emma Topping and Mrs. H. W. Bryant, who played the roles of Nora, Mabel and Mrs. Posing, gave great strength to the cast.

Among the musical numbers, Mrs. E. M. Ferguson as the Fascinating Widow, was a source of much attraction. Miss Ella Le Sell, Ross Little, Florence Duncan and Laura Lawrence all received bouquets and applause when they ended their parts. The dancers were well trained and, taken all in all, the show was better than even the greatest optimist had anticipated.

BOY DISAPPEARS WHEN MILK ROUTE IS FINISHED

There was a diligent search being conducted last night for Johnnie Frankie, 10-year-old son of John Frankie, residing at the corner of Twenty-third street and Maine avenue. The boy delivered his milk route at about 7 o'clock and then mysteriously disappeared.

His coat was found a short distance from the house. As the boy had said nothing about desiring to leave and was apparently in a very happy frame of mind, his parents became worried about him. Five policemen were detailed on the job and were still hunting at an early hour this morning.

TAXPAYERS WANT CUTTING JOB RUSHED

Property holders along Cutting boulevard, numbering ten, last night petitioned the City Council that work be started on that thoroughfare without delay. In the petition the council was asked why work had not already been started, as the plans and specifications have been drawn and other preparations made to start the work.

City Engineer Chapman asserted that he had heard no word from the Southern Pacific as yet, but expected to hear from the corporation in regard to its plans any day. If an answer is not immediately forthcoming work will be started without consulting the railroad company. It was stated last night that the railroad company will default on its franchise, which was for three years, and which still has one more year to run.

The plans for the widening of the street will be presented Wednesday night. In the meantime titles to the land will be cleared up.

W. H. Wernse, one of the petitioners, speaking for the property holders along the street, said it was the desire of the property holders that one big company have the work when it is started, as it is his opinion that the work can be cheaper and more satisfactorily done in this way than by cutting the contracts for the work up into sections. Wernse says the job is big enough to warrant the bidding of the biggest companies in street work that there is in the state.

STREET PAVING IS STARTER FOR FOLLETT

Whether or not oiled macadam is a satisfactory kind of pavement was a question which invoked a long debate at the meeting of the council last night. The argument started when a petition, largely signed by residents along Main street and many other citizens, was presented to the council by H. H. Turley asking that Main street be paved with oiled macadam in the near future.

Immediately Councilman Follett was on his feet. He asserted in no uncertain terms that he was not in favor of oiled macadam on any more streets in Richmond, and said that as long as he sat on the board he would never vote for any more paving to be done with oiled macadam. Follett said there is a general demand for better streets and that he believes the obsolete oiled macadam paving is not proving satisfactory in this city.

Other members of the council took up the argument, stating they wanted street work to go ahead. Some appeared to favor oiled macadam and others expressed themselves as opposed to it.

Turley said that the people residing on Main street wanted street improvement work started and wanted it started right away. The matter was tabled until the meeting on Wednesday night. In the meantime the members of the council will meet with Engineer Chapman and thresh the matter out thoroughly.

ONE KILLED BENEATH AUTO

Chief Engineer Hansen Victim of Latest Accident to Machine While Speeding Along County Road.

DAUGHTER ALLOWS THE CAR TO ROLL OFF CLIFF

H. W. Mergenthal and Family See Machine Go Down and Are to Be Chief Witnesses at Inquest Today.

C. M. Hansen, chief engineer of the California-Hawaiian sugar refinery at Crockett, was killed and his eldest daughter, Edith Hansen, injured in an accident which caused the overturning of the automobile in which they were riding, at a sharp turn in the road about a mile the other side of Tormey after 9 o'clock last evening.

They were proceeding at a moderate rate of speed with Miss Hansen driving and her 5-year-old sister Florence sitting beside her. On arriving at the sharp curve they encountered the machine of H. W. Mergenthal, in which his family were riding.

The 17-year-old miss ran off the roadway and the big touring car rolled over down the embankment. The two girls were thrown clear of the car. Mergenthal and family will be the chief witnesses at the inquest to be held this afternoon at 1 o'clock.

The machine was a Reo touring car. The deceased was a resident of Crockett for the past two years. The injured daughter was removed to the home of friends in San Francisco.

The funeral will take place from the home of the family at Crockett at 10:30 o'clock Wednesday morning under the direction of J. J. Hansen of Martinez. The remains will be taken to the Oakland crematory for cremation.

Special meeting Sunday, May 10. DR. J. H. SCHROEDER. See Page Four.

Cutting Latest To Offer Site

Evidently John Nicholl, local capitalist, is not satisfied in his mind that the city hall will eventually be built on the tract of land accepted by the council recently from George S. Wall. At last night's meeting of the council, Nicholl again made his proposition of giving away land in his tract in the east end of the city, and building a municipal building for the city, to cost \$25,000, on the property. Nicholl stated to the council that his offer would be good for six months, starting from May 19.

He offers to deed and convey the land to the city, and start building preparations immediately after the acceptance of the offer in accordance with the plans the council wishes for a new building. The other conditions are the same as were made in the offer of a week ago last night, which was turned down.

Nicholl's second offer was disregarded and did not even invoke a debate. The offer was filed and that ended the city hall as far as Nicholl's proposition was concerned.

But the councilmen were not yet done with the hall. H. C. Cutting in a communication to the council stated that the canal site was decided on for a city hall by the council six years ago. Cutting appeared in person. He stated that the city still has an indefinite option on it.

At the time the matter came up six years ago Cutting claims that the council urged him to give the city an option on the land for a city hall.

He further claimed that the plot has gone on the city maps as the city hall site, and that land was sold in nearby tracts under the representation that some time in the future a city hall would be built on the tract.

According to Cutting, Frank Hall told him that the people of the city wanted the canal site for the city hall.

Cutting disclaimed any intention of selling real estate on the strength of the canal site as a civic center. He stated that the site, however, is the most centrally located yet offered, inasmuch as it is the nearest site to the traffic lines.

Councilman Lane brought the strained situation existing to an end when he remarked that if the council had taken a little more time in choosing the city hall site, really men might have offered that body the whole city. Cutting's communication was filed, and again the city dads thought they had the embarrassing matter of the city hall out of the way.

Then City Attorney Hall stated that through a technicality in the deed was fixed the way it should be, the land donated in the Harbor Center tract, that the deed is insufficient to convey the land to the city. Hall asserted that he would see that the deed was fixed the way it should be.

The councilmen all drew long breaths. City hall matters were finally out of the way for the evening.

NEWSPAPERS AS READERS.

When Miss Nesbitt recommended to her Japanese pupil to read the News as the best reading book he could have in his effort to acquire the English language, she showed herself a wise teacher and one that understands her profession thoroughly. There is no better text book for students in any language than the newspapers published in the language they are trying to learn, because newspaper language is the language of the day, is the language of every day life, is the language which a person studying a language wants to learn. Then, too, if the newspapers are alive and up to date, like this paper, the student gets an inside view of the life of the country in which the language he is studying is spoken. In the news and editorial columns of the News all the live subjects of the day are discussed, and the student finds something to interest him, which is not the case when he spends his time translating into the language he is learning, or from that language into the one he is studying some startling piece of poetry such as "Mary Had a Little Lamb," or "Little Boy Blue."

It would be well to go even further and not confine the study of newspapers to those seeking to learn a new language. Why not use the newspapers as readers in the ordinary classes, especially in the higher classes.

To the reply that we know some will inevitably make, that there is much in the newspapers that children should not read, we will cheerfully say "Amen," and add that the same remark applies to their elders in many cases; but the teacher need not pick out those articles, and papers can be selected or magazines in which subjects of interest are detailed and the reading can be accompanied by other studies so as to make the whole profitable and interesting.

Let us, to illustrate, take the present trouble with Mexico. Let the class read the reports of that affair in the papers, and then follow on the map the location of the warships, the movement of the soldiers, and at the same time let the teacher detail the history of the country from the days of Cortez down to today.

Under that plan the child will at once learn to read, will learn geography, history and many other facts of importance, and will at the same time acquire a taste for decent reading in the papers instead of indecent. In fact the lesson can be made so interesting that the children will not realize that it is a lesson at all. In a few schools that we know of that plan has been tried. Why not try it in the schools of Richmond?

The current events of today are the history of tomorrow. There is no reason why the debates in Congress, the discussion of the tariff, the new banking law and hundreds of other subjects should not be studied. There is no reason why the tables of quotations in the papers daily of stocks and bonds and other securities should not be used when boys and girls are studying that branch of arithmetic instead of the examples so often found in the books, and which are monotonous alike to teacher and pupil.

The general idea of an education today is to have it practical, and if we were to banish our text books in reading and some other lines and use newspapers or other current literature on the subjects under study, we would make our education far more up to date than it is.

Again we repeat, that Miss Nesbitt's advice to her Japanese pupil was wise and it can be very well imitated by other teachers.

A WISE MOVE.

The action of the Federal Administration in accepting the offer of Brazil, Chile and Argentina to arbitrate between the United States

is a move that will strongly commend itself to every patriotic American. From every point of view the move is admirable.

It is admirable because it shows to the world that the Americas—North and South—are now acting as a unit in the matter of the Monroe Doctrine and that in future any European nation which casts selfish eyes on this Hemisphere will find it united against any foreign aggressor.

It is admirable because it is practically an admission by this country that the United States recognizes that the three nations named have now grown to full political size and are to be considered as the equal of other nations in the family of humanity. In this respect the State Department acted most wisely in appointing Brazil to look after the interests of Americans in Mexico instead of some foreign country.

It is admirable because those nations, being considered Latin American like Mexico, will perhaps understand her pride better and will be the better able to advise her what to do without offending that pride.

It is admirable because it shows that this country is willing to go the limit before going to war.

And finally, it is admirable because it will remove with the other South and Central American countries the suspicion that this country desires to either grab their territory or take a commanding position over them.

Of course another result of this coming together will be to create a more kindly feeling with regard to the United States in the South and that is a great gain from every point of view. It will be the cause of increasing the friendliness between the two hemispheres and will give us a great increase in trade, no doubt. It will remove many misunderstandings and will lead to a better understanding of the real point of view with which we regard the other countries in this hemisphere.

THE POLICE AUTOMOBILE.

The very long and tedious delay that resulted last week when two Italians were busy trying to kill each other, and Officer Barry tried to get the machine to take them, the one to prison and the other to a hospital, makes it clear, if any demonstration of the fact were necessary, that the present system of running the automobile is absurd. Everything connected with the police force should be ready at all times, and when there is a long, narrow town to be handled like Richmond, there is all the more reason for eternal vigilance. That half an hour should be consumed waiting for a machine with a wounded man and a prisoner is absurd, or rather it would be absurd if it were not such a serious matter.

If the wounded man had been worse hurt he could have been dead and buried before the chief arrived and he was taken to the hospital. It is not easy, either, for the officer making an arrest to hold on to several prisoners indefinitely while the chief is getting ready to grace the locality with his impressive presence, and, as we say, the whole idea is absurd and to laugh.

The automobile should leave the station the moment that an alarm is turned in and there should be some one to take it out instantly. To be obliged to hunt up even as distinguished a man as the chief while prisoners are being corraled, or the dying are waiting for conveyance to a hospital, is not the way a police department should be managed. It is not creditable to those having management of the force. It is a weak spot that should be strengthened. It is a poor arrangement that should be bettered. Richmond is paying for a first class police service. Is she getting it? If not why not?

With ten cent fares from Oakland, Richmond will be able to add materially to her population.

We never knew water was as popular as it appears to be, judging by those who took their drinks at the filtering plant.

The tunnel is now progressing so rapidly that it will not be long before it will be finished. Then another great improvement for Richmond will have been completed.

The Prohibitionists say they are certain they will carry the state, and the saloon men say they are certain that the Prohibitionists will do nothing of the kind. Evidently some one is badly mistaken. Which side is it?

It is becoming more and more evident that a too peaceful policy in a nation really makes for war, and that strength and power and the willingness to use are the real peace makers.

HERMANN SONS—Richmond Lodge No. 37 meets at Bank hall, corner Eighth and Macdonald, every first and third Wednesday nights at 8 o'clock. A. Geiger, Secretary.

CIRCLE LADIES OF G. A. R.—Meet second and fourth Tuesday afternoons at 2 o'clock in Elks Hall. President, Mrs. Mary B. Moyle; secretary, Mrs. Joella Bonham.

RELIGIOUS FILMS SOURCE OF MUCH ATTRACTION AT VIM

The photo drama of Creation is surely the drama beautiful. One film shown today representing Moses and Aaron and the Elders of Israel pleading with Pharaoh to let the Israelites go out of bondage into Canaan is striking. The characters are wonderfully realistic. Moses is represented as tall, stately, and reverential. His robe is of a rich plum color. Aaron is shown in clothing similar to that which is still worn by the Arabs, with broad colored stripes, with a white head covering. The elders of the various tribes of Israel have typical Jewish faces.

Their salutation of Moses, their receiving of the instructions relative to the Passover, and their departure to carry out those instructions all seem so real. One imagines himself back witnessing the reality as it took place 3600 years ago.

Next the film shows the preparation for the Passover at the door of each house. The blood of a lamb was poured out and the carcass taken within to be prepared and roasted whole and the blood sprinkled upon the door posts and upon the lintels with great solemnity. Then follows the scene of the eating of the Passover, with thanks to God that the first born of Israel would be spared and with manifestations of faith in God that the people of Israel would be delivered. We see them eating and worshipping, staff in hand, ready for departure.

Next come thrilling scenes. There is death of the first born of Egypt. King Pharaoh's only son and heir dies. The laborer's child dies. All the first borns are presented in the great temple—the Egyptian mourning. Then enter Moses, Aaron and the elders, to make a final plea that the Egyptians shall release the Israelites and not bring further Divine displeasure and punishment upon themselves. The tenth plague melts the hardhearted Pharaoh and he bids them go.

The next scene shows the Israelites on foot, on camels, on donkeys, with flocks and herds, old and young, departing out of Egypt. It is a thrilling, interesting scene, and all so natural. The acting is certainly superb; the characters realistic. Meantime the lecturer explains the meaning of all this with marvelous simplicity, so that both old and young learned and ignorant, might understand.

All who see the drama will wish to see it again in all parts, and we must not wonder if they are insistent that all of their friends and neighbors shall know of it and witness it also. It is well worth while.

V. A. FENNER OUT WITH NATIONAL

V. A. Fenner, west side hardware man comes forth with a big six cylinder National. The machine is a fine one and Fenner's enthusiasm threatens to convert him into a motor fan.

FUTURE DOINGS

May 12—Grand ball by Richmond Club at East Shore Park, for benefit of new home. Invitational.

PETTY CASES ARE CONSIDERED BY LINDSEY

Upon opening court yesterday morning, Judge Lindsey found that a busy session awaited him. The first person to catch his ear was J. W. McMaster, who alleged that while driving along Macdonald avenue he was haled by A. McBryde.

The two had a few words and McBryde is alleged to have struck the contractor. McBryde pleaded guilty and deposited \$50 bail for his appearance for sentence on Wednesday morning.

SUSPECTS GET 15 DAYS.

William Frick, G. Williams and Joseph Mier, arrested by Officer Barry Sunday night as suspicious characters, were fined \$15 or given the alternative of fifteen days in the city jail. Liking the treatment of the prison officials they selected the latter sentence.

MUFICH TRANSFERS PROPERTY

W. C. Mufich, the west side realty man made a good sale of property Richmond avenue property is well known Fourteenth street last evening. Richmond avenue property is selling rapidly and he expects to close several sales on this street this week.

WAR VETS START ENCAMPMENT UP COUNTY

MARTINEZ, May 11.—The encampment of the Department of California, Spanish War Veterans, opened today here. Thousands of veterans and their families have been arriving for days past. Hotel and rooming houses are taxed to their capacity and the great tent city at Bay View park is overcrowded. The city is a mass of flags and bunting and colored electric lights. An elaborate program of entertainment is under way.

Proceedings opened with the formal assembly of the delegates at Curry Theater, followed by roll call. Mayor McNamara delivered the address of welcome, and Department Commander L. F. Stephenson was presented with a gavel by Past Commander E. W. Jensen of General Fitzhugh Lee Camp. Past Department Commander B. A. Forster delivered the oration of the day.

The evening will be devoted to outdoor concerts and a dance at the Martinez Athletic Club. Tuesday morning the main business session or the encampment will be held. Tuesday noon the delegates will be the guests at a barbecue, and a rodeo will be held in their honor.

This will be followed Tuesday evening by a big illuminated parade by the Military Order of the Serpent and a grand ball. The rest of the session will be devoted to other forms of entertainment and business sessions.

CORONER'S JURY MAKES DECISION.

"Death by drowning" was the verdict pronounced by the coroner's jury last evening at the inquest held at the Smallwood parlors last evening to determine the cause of the death of Charles Brown, plasterer. All of the witnesses secured asserted that when the young man was last seen he was frantically swimming toward the shore.

RATHER DECIDES HE'D RATHER BE WED

When B. H. Rather got married on Saturday many things happened of interest to Richmondites. The Richmond Lodge of Knights of Pythias lost a member by his action and the Western Pipe and Steel Works lost one of its best mechanics. Richmond then suffered the loss of one of her best citizens.

But—and there is that "but"—again—Miss Irene Piety saw the culmination of a dream of long standing and is today Mrs. Rather. The ceremony was performed in the presence of W. Morris and Miss Edna Lowe. Following a honeymoon to be spent in Los Angeles, the couple will start ranching near Fresno.

POCKETS PICKED WHILE RIDING FROM HERE

Pickpockets operated upon the cars running from this city to Oakland Sunday, with the result that James Robb of the Roosevelt House, Stockton, and John Lang, 3315 Laguna street, San Francisco, both of whom were visiting here, reported losses to the police.

Robb had his purse and \$66.50 stolen, while Lang found his wallet with \$30 missing.

TO THE VOTERS OF THE FIRST SUPERVISOR DISTRICT, CONTRA COSTA, CAL.

I hereby announce myself a candidate for the office of Supervisor to represent the people of the above District on the Board of Supervisors of Contra Costa County.

Primary Election August 25, 1914.
General Election Nov. 3, 1914.

As under the existing law the election for County Offices is non-partisan, I propose to base my candidacy upon a determination to act as an official in a non-partisan manner and not to be swayed in my official conduct by political or other influences.

Very respectfully,
WM. F. HUBER.
Party affiliation: Republican.

NOTICE TO CONTRACTORS INVITING BIDS FOR THE CONSTRUCTION OF A SEWER SYSTEM IN STEGE SANITARY DISTRICT, CONTRA COSTA COUNTY, CALIFORNIA.

Notice is hereby given that sealed bids will be received by the Sanitary Board of Stege Sanitary District of Contra Costa County, California, on or before Friday, the 22nd day of May, 1914, at 8 o'clock, p. m. of that day, at the office of the board situate at Justice Court, Rust, Cal., and within the limits of said Stege Sanitary District, the same being the regular meeting place of said Sanitary Board, for the construction of a sewer system in said Sanitary District in accordance with the plans and specifications therefor on file in said office of said Sanitary Board, and a copy of which is also on file in the office of P. A. Haviland, County Surveyor of the County of Alameda, State of California, the engineer of said district, at the Court House in the City of Oakland, County of Alameda, State of California.

Said bids must be enclosed in sealed envelopes and addressed to the Sanitary Board of said Sanitary District and delivered to the Secretary of said Sanitary Board at that place above designated on or before the 22nd day of May, 1914, at 8 o'clock p. m. of that day, at which time said bids will be opened.

Notice is further hereby given that the minimum wage for labor done under the contract for the work above mentioned must be \$2.50 for each day's labor, and that the contractor must carry liability insurance to protect every one of his employees, in accordance with the Employers Liability Law.

Each bid must be accompanied by a certified check for at least ten percent of the amount of the bid and made payable to G. H. Barber, Secretary of said Sanitary Board.

The right to reject any or all bids is hereby reserved.

Dated, May 8th, 1914.
Adopted by the order of Sanitary Board of Stege Sanitary District, by Wm. F. Huber, President, Geo. H. Barber, Secretary.

PULLMAN FIRE LADS' DANCE SUGCESS

Several score couples were in attendance at the first annual ball of the Pullman Fire Department Saturday night at East Shore park. The Pullman fire laddies proved royal hosts, and everyone in attendance had a good time. In succeeding years, when the Pullmanites give other annual balls, they will have a hard time coming up to the standard set Saturday night. The committees in charge last night follow:

Arrangements: Fire Chief E. Danner, chairman; Assistant Chief A. P. Schwartz and Second Chief W. Hart-sink.

Floor: D. E. Pryde, chairman; H. Cugini, L. Gillen, L. Castell, R. L. Weiner and F. Smallwood.

Refreshments: D. Bowles, chairman; R. Richards and J. Daley.

Tickets: Joseph Reeves, chairman; W. Vanderberg, A. Thompson, P. Kerns and A. Payne.

ECLIPSE LODGE INITIATES.

Eclipse Lodge of Odd Fellows, meeting in Bank Hall last evening, initiated two new members into the fast growing local lodge. A substantial banquet followed the business meeting of the evening and a good time was enjoyed by all.

LADIES' AID SOCIETY TO HAVE BUSY SESSION

Members of the Ladies' Aid Society of the Christian church will gather in the parlors of that church next Wednesday afternoon when a brief business session will take place. This will be followed by a program and the serving of tea.

All strangers are invited to be present.

MRS. KATE SMITH HOME.

Mr. and Mrs. F. C. Smith, who have been spending several days at Mountain Ranch, in Sonoma county, will return home today. They enjoyed their vacation immensely visiting friends there.

YOUTHS OF RUST ORGANIZE BOY SCOUTS

Sunday evening a bunch of energetic County Line boys got together and with the aid of Wirt Lucas as organizer and David T. Jones as scout-master, started a troop of boy scouts.

The next meeting will be held this evening, at which time the organization will be completed, and a debate held; subject, "Resolved, that more is to be gained by traveling than by reading." Affirmative, D. T. Jones, Hershel Klase, James McColley, Lester Carling; negative, Wirt Lucas, Mark Cheeseman, Harold McColley and Joseph McColley. The meeting will be held at the Rust Methodist church on Richmond street and will be open to everyone. The movement is in connection with the Epworth League, of which W. Lucas is president.

W. O. W. INITIATE AND PLAN FOR COUNCIL

Woodmen of the World held a regular meeting and initiation last evening in Sequoia Hall. Two were added to the fold of wooden men and the applications rained so thick and fast that plans were made for a class on the latter part of the month. A communication was received from I. I. Boak, head county council of the order, informing the local that he was doing all to secure the county rally that will be held in June. As the Richmond Camp has by far the largest growth in numbers this year, the rally will undoubtedly be held here.

ADDITIONAL CLASSIFIED.

FOR RENT—Five-room furnished cottage on Fourth st. Inquire at 132 Fourth street. 5-12-3t

HI SCHOOL NOTES

By SCOOP.

On Friday night, May 15, an elaborate banquet and party will be tendered the soon-to-be departed senior class of the local high school. Arrangements are under way and committees have been appointed by President Hoffman. All of the students will feast on that evening and a jolly get-together meeting is what is planned. Committees are named by the president are as follows: Commissary, Misses Decker, Delp and Downer; decorating, Junior class, with Phillip Angell and Miss Valera McLarny superintending; serving, sophomore class, Frazier (chairman), Misses Axelson, Halles, Conn Ludwig, Whisler, Mount and Noyes, Grey, Solto and Greathouse; tables and chairs, Bates (chairman), Bradley, Brown, Cameron, Follett, Cain, Casey and Milnes.

The meeting of the nomination committee that was to have been held last evening was postponed on account of the senior meeting and because the other members did not care to wait until they were over.

TRAFFIC LAWS IN BOOKLET FORM IS LATEST

For the convenience of the motoring public, the traffic laws applying to motor cars in the chief cities and towns on the Pacific coast are set forth in condensed form in a neat booklet just issued by the Standard oil company under the title, "Traffic Regulations." It is a revised edition of the popular "Traffic Regulations" compiled and distributed by the oil company last fall. Since then the changes in state laws and local regulations have come, and to note such changes the booklet has been revised and enlarged. Traffic laws of the principal cities in the coast states are so nearly uniform that in a majority of cases a general code serves. This has been compiled for the Standard oil booklet. However, it is the exceptions that often bring trouble to the touring motorist, and in "Traffic Regulations" special effort has been made to supply motorists with data of this nature. All the matter it contains regarding laws and regulations applying to traffic is a careful compilation from authoritative records. The Standard oil company will forward "Traffic Regulations" without charge on application.

JOHNSON SPEAKS AT SCHOOL ON FRIDAY

Final arrangements for the entertainment and receiving of Governor Hiram W. Johnson and his running mate, State Railroad Commissioner John Eshelman, were made at a meeting held last evening in the Lincoln school auditorium, at which a large number were present.

An endeavor will be made to eradicate the campaign features from the meeting and make it more of a reception to the governor, who will speak upon what has been accomplished by the administration and what it hopes to do if he and crew are kept at the helm of the ship of state.

GEORGE COLLINS LIMPING

George Collins the popular clerk of Elites dry goods store is still limping around on the leg he seriously cut over a week ago when decorating the front of the store for the Elks parade. An upper window fell out of its frame and struck him on the leg inflicting a deep gash.

MRS. WHITE COVALESCENT

Mrs. White who conducts the White hairdressing and massage parlors on the west side of town, returned home yesterday after spending several days at the Craven hospital where she has been confined, seriously ill.

MOULDERS ENJOY FIRST OUTING OF SEASON

Nothing which has occurred in recent years has provided more amusement and created so much good-fellowship as did the Moulders' Outing Club, which held its first outdoor affair of the year at the grounds of the Sobrante Gun Club on Sunday.

There were prizes for every event. Diamond pins were awarded Roy Dorgan and James McGee, who hammered each other around for four rounds and furnished a whirlwind finish, which caused the bout to become a draw.

Then a 100-yard dash for a chicken, enclosed in a large corral, kept up the fun. The two tallest of the members were opponents in the paddock. R. Ayers and Ad Waggon competed. Waggon got his fists on the prize bird first, but the fowl slipped through his fingers and Ayers made a grab, annexing a leg. As both boys had the prize within their grasp, they were given watches.

Those who attended were H. Lewis, Ben Board, J. Kearney, Ad Waggon, Joseph Casserley, R. Ayers, Roy Doogan, G. Knight, E. Barrett, S. Ramsey, B. Bowen, George Posch, F. Marty, S. Danko, W. Hipkins, James McGee, F. McGowan, B. Barbiere, J. Baldwin, H. Tucker, N. Blankenship and Tony McGee.

WEST SIDE JOTTINGS.

Dr. C. L. Abbott turned out in a fine new Studebaker yesterday. The doctor has been a fond adherent of the Studebaker for years and is more than pleased with the new big six-cylinder.

Mr. and Mrs. J. McCann returned yesterday from a short vacation at the Geysers in Sonoma county.

C. W. Luckett, west side cigar merchant, returned yesterday from a few days visit to friends in Fresno.

The handsome Cramer flats on Nicholl avenue will be completed and ready for occupancy by the end of the week. They will be among the best on the west side of town and the many applications for flats have filled the house long ago.

A. Livingstone, who was threatened with an attack of typhoid fever, was better yesterday and will return to work at the Standard Oil tomorrow.

SKATING RINK IS AUSPICIOUSLY OPENED

A large crowd last evening attended opening of the new Kerby & Floyd rink on Eighth street. The music is of the best and the floor is large and well built. Eddie McPeak, a well-known pirouetter on the flying wheels, has accepted the position as floor manager, which announcement will be gladly received by his many friends.

"NICK," GENIAL COOK WILL LEAVE

"Nick," the well known and genial cook, employed for several months at the Gold Mine restaurant, will leave tomorrow for Reno, Nevada, where he plans to reside in the future. Recent ill health is the cause for the change of residence and "Nick" who formerly resided in the Nevada metropolis is of the opinion that the dry climate of the Sagebrush state will prove beneficial to him.

"Nick," who worked at nights, made scores, yes hundreds of friends during his residence in the city, and they will all be sorry to see him depart.

CARPENTERS WILL GIVE BANQUET ON 30TH

Every member of the Carpenters' Union is looking forward with much eagerness to Saturday, May 30, when the big banquet will be held in Labor Temple. Preliminary arrangements for the feast were made at last Saturday night's meeting.

During the evening a chest of tools belonging to the late Brother Star was auctioned off and the proceeds will go to the widow, Mrs. Elva J. Star. Brother Blajat purchased the tools.

He must claim the tools within one week or some of the other members who bid close to his figures will be allowed to take them.

PYTHIAN SISTERS INITIATE AND ENTERTAIN

Richmond Temple No. 86, Pythian Sisters, held a regular meeting and initiation last evening in Pythian Castle. Following the business meeting an elaborate banquet was held in honor of the initiated and a number of visitors from the Oakland and Alameda temples. District Deputy Mrs. Kate Robertson of the Island City Temple, Alameda, was present, as were Mrs. J. Smith, E. Merton, Mr. and Mrs. Charles Helling, Mrs. Boien, Mrs. Mann and Mrs. Winwood. Those on the banquet committee were Mrs. Charles Carpenter, Mrs. Benka, Mrs. Vance and Mrs. Matier.

Don't forget the news job department when in need of stationery.

To get the girl, you MUST wear good clothes; after you get her you SHOULD do so. A man owes it to his wife to appear well. He also owes it to HIMSELF. You never saw a successful man in an unsuccessful suit of clothes

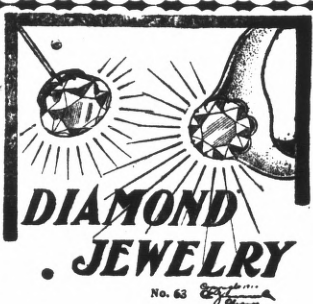

Our clothing not only looks good when you put it on, but keeps on looking good, because it has got the best MATERIALS in it, and it is put together RIGHT.

We charge you all our clothes are worth; WE GIVE YOU ALL YOU PAY FOR.

Your money's worth or your money back

THE wearing of a diamond is the badge of success. It denotes self respect, independence and solid worth.

Diamonds are the only jewelry that increase in value with time; in fact there is no investment so sure or profitable. They double in value about every five years and advance more rapidly in hard times than at any other time.

The value of a diamond depends upon its quality. Some are worth \$90.00 a carat, others \$250.00. Diamonds have a fixed standard value; they are as staple as gold. It is a simple matter for you to see that you have nothing to gain by buying away from home and the advantages of buying from some one you know to be reliable are at once apparent.

SPORTS

RICHMOND WINS ITS THIRD GAME

ELKS, ATTIRED IN NEW UNIFORMS, BEAT VALLEJO FOUR TO TWO IN SNAPPY CONTEST

They did it. And it was no easy thing to do, but nevertheless they did it. After nine innings of baseball—real baseball, that had the fans up on their toes from the time the gong rang until the last man was out, Richmond was out ahead on a 4 to 2 score. Although the game was a close one, there was little doubt about the ultimate result.

Richmond had it on Vallejo. And we are not kidding you now. Not only did the locals outthrust and outscore their up-country brethren, but they ran the bases with more accuracy, had a better pitcher and looked better on the infield and outfield. Vallejo tried hard to keep up in the running, and put up a battle to shove Richmond down from her exalted position at first place, but all to no avail. Richmond is up there yet, and Vallejo is forced to give Richmond's clean heels the once over.

The game was just what was needed to revive interest in the game in Richmond. Vallejo brought down an enthusiastic mob of rooters, who made things lively during the session. The crowd at the game was the best in the baseball history of Richmond. And another feature that no one is overlooking is the excellent way in which Peralta handled the indicator. Peralta's umpiring pleased all. He made the game move fast, would not argue after making his decisions and he was on top of all plays.

Charlie Burns was all to the good again Sunday. He must have been to hold the heavy hitting Vallejo bunch down to five cracks. And in Cliff Cleek he had a man behind the bat who proved an invaluable aid.

Vallejo trotted out Lundberg, a 19-year-old phenom that has just been unearthed in the navy yard city. Lundberg pitched in streaks. One inning he was invincible and the next he was easy.

Tony Blanco was unable to go on the mound for Vallejo. Blanco, who was one of the best pitchers ever produced up Vallejo way, is suffering from a sore wing, and he may never pitch again.

Richmond did its first scoring in the fourth inning. After Cameron went out, Carola to Ward, Ingram doubled and later scored on Cunningham's single. Pingree, next up, sacrificed Cunningham to second. When Trekkell came up and poled out a two-bagger Cunningham scored. The side was retired when Hyatt went out, Lundberg to Ward.

Again in the fifth Richmond put its third one across. Cleek, first up, flew out to Brown. Then Burns singled and went to second on an error. He scored a moment later on Woodbury's single. That was all the scoring done in the inning, but a play was pulled off a few seconds later that was one of the best of the game. Cameron flew out to O'Neill, who, using his head, pegged the ball in to home. The peg was made just in time, and Woodbury, as fast as he is, was unable to get home before Rockstraw had the ball on him.

Richmond put the fourth one across in inning seven. With two down, Cleek drew a walk. He then pilfered sack number two. Burns singled for the second time and Cleek scampered home.

Vallejo fought to the last ditch, and in the ninth frame made an awful bid for the game. Soanes, batting for Lundberg, singled, and Blanco, put in to run for Soanes, stole second. But the next two men went out and the battle was over.

One of the prettiest doubles ever seen on a local diamond was pulled off at Vallejo's expense in the seventh. In this frame Vallejo got dangerous and landed three on in about two minutes of play. Brown was safe on Pingree's high throw to Ingram. Carola was safe on Ingram's error. When Lundberg went out, Burns to Ingram, both men already on advanced a base. Now comes the double. O'Neill rolled one down to Hyatt, who threw home in time to allow Cleek to get Carola. Cleek immediately singled the ball to In-

gram, getting O'Neill before he got to first, and the double was completed.

*Soanes batted for Lundberg in the ninth. Blanco ran for Soanes.

Two-base hits—Trekkell, Ingram, Roxstraw and Ward. Sacrifice hits—Cameron and Pingree. First base on called balls—Off Burns 3, O'Neil; Lundberg 2. Struck out—By Burns 10, by Lundberg 1. Double plays—Pingree to Cleek to Ingram; O'Neill to Roxstraw; O'Neill to Carola. Stolen bases—O'Neill, Blanco, Woodbury, Trekkell and Cleek. Umpire—Peralta. Scorer—O'Hara.

WOULD BACK MILNE IN MATCH

Friends of "Plug" Milne, the local lightweight, are willing to back him for another match with Kid Pedro of Crockett. Milne has asserted his readiness to take on Pedro again, and it may be that the two men will be matched for a semi-windup at the next show in Antioch, Crockett or Pinole.

All those local fans who saw the bout in Pinole Saturday say that Milne was handed one of the rawest deals a man ever got. Not only is the local boy declared to have had the better of every round, but he knocked Pedro through the ropes on one occasion.

Milne showed more in the bout than anyone thought he had, and local fight fans are willing to go to the bat and bet their dough on him.

BAY COUNTIES LEAGUE

RESULTS OF YESTERDAY'S GAMES.
RICHMOND 4, Vallejo 2.
Kahn Brothers 11, Crockett 9.
Suisun 7, Standard Gas Engines 3.
Napa 3, Benicia 2.

Napa and Crockett at Napa.
Standard Gas Engines and Vallejo at Vallejo.
Kahn Brothers and Suisun at Suisun.

CLUB STANDINGS.
RICHMOND 3 0 1000
Napa 3 0 1000
Suisun 2 1 .666
Vallejo 1 1 .500
Crockett 1 1 .500
Kahn Bros. 1 2 .333
Standard Gas Engine.. 0 3 .000

SEMI PRO RESULTS

PETALUMA, May 10.—As early as the second inning the locals had the game with the Panamanians clinched. Petaluma, 13-7-1; Panamanians, 1-7-0.

Batteries—Hollis and Lasater; Horwege, Goldeson and Johnson.

HEALDSBURG, May 10.—Healdsburg won from Cloverdale. Features of the game were pitching by Bennilack and hitting by McDonough. Healdsburg, 9-14-2; Cloverdale, 1-9-5.

Batteries—Bennilack and Baldwin; Lorenzini and Stiffens.

SANTA ROSA, May 10.—The Santa Rosa baseball team won this afternoon. The locals bunched their hits at critical times, running up the score. Stone walked one and struck out two, while Ball walked two and struck out five.

Santa Rosa, 7-11-1; Sebastopol, 1-3-3.
Batteries—Stone and Riordan; Ball and Buckley.

WINEHAVEN LOST 16 TO 11 IN FAST GAME

The American-Hawaiian Steamship Company boys that played the Winehaven ball tossers on the latter's grounds sailed home Sunday evening with the game safely tucked under hatches to the score of 16 to 11. Pinkey, the lanky whiffer of the winery boys, was handicapped by the loss of Moss on the receiving end, as the latter is sojourning in Sacramento.

CUBS WIN AGAIN.

A game full of hits, runs and fast playing on both sides was played Sunday afternoon by the Richmond Cubs and the San Francisco Larks, the local boys coming out on the fat end of a 14 to 10 score. Tucker, receiving Happy Bradley for the first time, on account of the indisposition of Cap Maloney, was probably the star of the game, both fielding and batting.

CUBS VS. WINEHAVEN.

The Richmond Cubg literally jumped at the challenge issued by the Winehaven boys for a game to be held in the near future. It promises to be a fine game, for the two teams are the best of their rating around the bay region. Here's hoping that the best team may win.

TROLLEY LEAGUE

Colusa, 6; Marysville, 4.
At Marysville—Colusa strengthened her hold on first place by beating the Marysville Giants. The score:

	R.	H.	E.
Colusa	6	9	4
Marysville	4	7	2

Batteries—Colwell, Sparks and Burke; Mahoney and Byles.

North Sacramento, 4; Woodland, 0.
At Woodland—Eddie Killilay, pitching for North Sacramento, was too much for Woodland today. The score:

	R.	H.	E.
North Sacramento	4	8	1
Woodland	0	4	3

Batteries—E. Killilay and Hust; Blomfield and Palm.

Oroville, 2; Chico, 1.
At Chico—Oroville won today from Chico 2 to 1. Bill Traeger had a shade the best of a pitchers' argument with Gill.

Oroville 2 5 1
Chico 1 5 2

Batteries—Gill and French; Traeger and Lucas.

For sale, one 40 horse-power 1913 Buick, five-passenger; \$750 cash, or will trade for inside improved property. Kerschner & Conn Garage.

5-8-1f

COAST LEAGUE RESULTS

THIS WEEK'S SERIES.—Oakland and San Francisco. Portland and Venice. Los Angeles and Sacramento.

STANDING OF THE CLUBS.

	Won.	Lost.	Pct.
Venice	22	16	.579
Sacramento	20	17	.541
San Francisco	21	18	.538
Los Angeles	18	19	.489
Oakland	16	21	.432
Portland	13	19	.406

Some startling changes are apparent in the Coast League standings now from what they were last week at this time. Sacramento snowed the Seals under nad trimmed the Howards six out of seven games. San Francisco slipped from a neat little hold on second place down to third. Sacramento is now second and not far behind Venice, the league leaders. Los Angeles made material gains during the week, and shoved Portland down in the cellar. Oakland occupies fifth place.

Special meeting Sunday, May 10. DR. J. H. SCHROEDER. See Page Four.

NAPA, SUISUN AND KAHN BROTHERS ARE WINNERS IN LEAGUE CONTESTS

NAPA WINS IN TEN INNINGS.

NAPA, May 11.—It took Napa just ten snappy innings to put the crushed over on Benicia here Sunday. The score was 3 to 2.

Dave Moir, pitching for the home guards, was easily the bright and shining luminary of the game. Moir allowed Benicia only ten biffs during the battle, and he piled up a strike-out record of fourteen. He pitched the best of ball seen in this city this season. Napa got eight hits off Big McLain, pitching for Benicia. Schwake caught Moir, while Joseph received McLain. Each club kicked one. The battle was well attended.

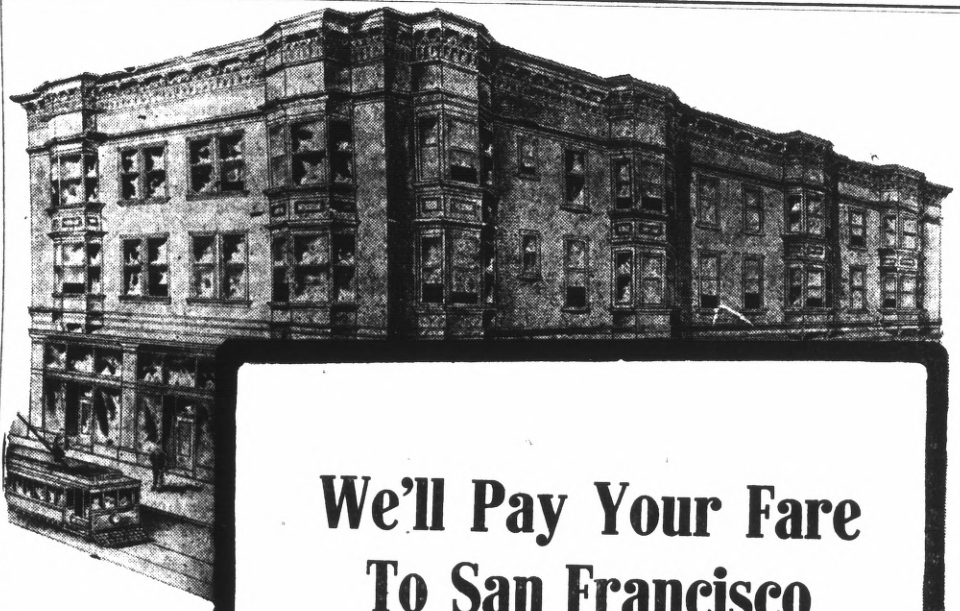

SUISUN GRABS ONE.

SUISUN, May 11.—Suisun's gang of ball tossers, undaunted by the defeat received last Sunday from Richmond, put one over on the Standard Gas Engines on the home lot Sunday, winning by a score of 7 to 3. Enz, pitching for the Standards, was hit freely throughout, a total of ten

whacks being made off him. Carroll, on the hilltop for Suisun, looked good. He allowed but six scattered hits. Suisun piled up a total of six errors, some of them coming in the pinches. The visitors are chalked up with three miscues. Colby caught for Carroll and Steinbeck worked with Enz.

RAGGED GAME AT CROCKETT.

CROCKETT, May 11.—Hits were plentiful in the session played here Sunday between the home guards and the Kahn Brothers club, the former winning a ragged session by the score of 11 to 9. Both clubs used two pitchers. Figerold of the Kahns, who has been hurling consistent ball throughout the season, was knocked out of the box in the early frames. His place was taken by Coddington, who did little better than Figerold. Casey started for Crockett, but he had little nad the management replaced him in the box with Burgualt. A good crowd was in attendance at the game.

We'll Pay Your Fare To San Francisco

from any city in California. And no obligation to you.

We're doing this for just one reason. We want you to see the Nicholl-Macdonald Business Center Tract in Richmond, and appreciate,

—that business property increases in value faster than any other type of property—hence bigger profits are possible.

—that the Nicholl-Macdonald property is located right in the hub of the coming business center of Richmond,

—that right here, in this section, more money has been made, more improvements completed, and more buildings constructed than in any other realty subdivision in Richmond.

HI SCHOOL NOTES

By SCOOP.

Sad is the tale for last Saturday. It was close and exciting while it lasted and ended to the score of 5 to 4 in favor of the Deaf and Dumb Institute of Berkeley. Price in the box for the locals got off bad and Cap Brown sent him to the club house, while Bradley ended up. Try, try again, is the school spirit, and on next Saturday morning the inmates will play the Richmondites on the First street grounds again. In the afternoon of next Saturday the team will go to Oakland where they will play the Polytechnic school on their grounds.

TROLLEY LEAGUE CLUB CHANGES NAME

SACRAMENTO, May 9.—After eight years in the local baseball field under the management of Frank Bacon, the Brooke Realty team is no more. When Bacon takes his team out on the field at Woodland for their regular Trolley league game on Sunday, the Yololites will be playing the "North Sacramento" team. Negotiations which have been hanging fire for some time were closed yesterday and the Sacramento team in the Trolley league will henceforth be known as the North Sacramento team. The Brooke Realty company will withdraw from the baseball field.

The general details of the transfer have been arranged. Minor details will be closed today. Frank Bacon will continue as the team manager, and for the present at least, there will be no radical change in the makeup of the squad. With new blood and new money behind the club it is probable that a general strengthening process will be started within the next few weeks, but no definite announcement of policy has been made as yet.

This would have been the eighth season of the Brooke Realty club in local baseball circles. This is the second season in the Trolley league and it followed six years of independent baseball in Central and Northern California. Under the management of Frank Bacon ever since the Brooke Realty team entered the baseball world, the squad has done much to boost both Sacramento and the company behind it. Valley fans will welcome the news that Bacon is to continue at the helm, for he has made a name for himself in baseball circles of being a true sportsman.

KATHLYN, QUEEN OF MOVIES, AT RICHMOND

The adventures of Kathlyn No. 6 entitled "Three Bags of Silver" will be shown at the Richmond theatre this afternoon and evening. The vogue of this series of pictures keeps on increasing and everyone is immensely delighted when they are exhibited, the climaxes are almost exasperating, so eagerly do they leave us guessing and wondering.

Set No 6 Kathlyn and her party continuing their way to the coast, after repulsing Umba Ilah and his men, on the way they come to the great walled city in the desert, and here a comical incident of the sacred elephant occurs.

The imposing backgrounds and scenes in sets like these, have the true Oriental atmosphere, and no word of praise could be too high for them. "An hour of Terror" is a strong offering produced by the Biograph Co., relating how the heroine, locked in the safe by her careless drunken father is saved after all by a burglar.

"Millions For Defence" is a Vitagraph production that deserves much credit, the more one watches this picture the more amusing it becomes. A complete success and a good offering.

The Essanay company presents a comedy that is a scream, entitled "Bridget Bridges It." "Brewster's Millions" will be presented on Friday next by Jesse L. Lasky with Edward Aheles in his original role. The superb comedy drama of a thousand incidents.

CHAS. W. HERZINGER, Attorney at Law, 305 Pillow building. Practice in all courts. Phone 1039.

**COUNCIL ROUTINE
TAKES MUCH
TIME**

At the meeting of the council last night a communication was received from Mayor James H. Walker of Baltimore, asking the people of Richmond to prominently display the American flag during the big flag centennial to be held in Baltimore the week of September 6 to 13. The clerk was instructed to send Baltimore's executive a vote of thanks to calling the attention of Richmond to the matter, and assuring the Maryland city of local co-operation in making the event one of nation wide importance.

**RECOMMENDS WYLIE'S
APPOINTMENT.**

City Engineer Chapman recommended that Oliver Wylie be appointed sewer inspector to succeed H. E. Wyatt, who is now sanitary inspector. The matter will come up for further consideration.

PROTEST AGAINST PAVING.

A communication was received from property holders on Laurel avenue, protesting against paving that street until the installation of sewers.

FILE STREET PETITIONS.

Petitions from residents along Soito avenue, Castro avenue and Main street, asking for needed street improvements, were received and placed on file.

PETITION FOR FIRE HYDRANT.

A petition, signed by fourteen people, was received asking for the installation of a fire plug at the corner of Soito avenue and Nadeau avenue. The petition stated that that district needs better fire protection. They ask for a bigger water main. The matter was referred to the fire committee.

PROTEST AGAINST STABLE.

Seventeen signatures were attached to a protest received last night from property holders and residents living near the stable on the south side of Santa Fe avenue, between Nicholl and Richmond. The protest says the stable is a disgrace to the city and a menace to public health. Mrs. A. Whitcomb also protested, saying that the horses would keep people awake at nights and that the stable would be a lounging place for tramps and vagrants. Health Officer Blake said that he had refused a permit to open the stable. In case the stable does open those who conduct it can be prosecuted.

**THANKS COUNCIL FOR
WHISTLE ORDINANCE.**

Superintendent J. D. Brennan of the Southern Pacific Company sent a communication to the council thanking that body for putting the ban on the unnecessary blowing of train whistles within the city limits of Richmond. Brennan stated the engineers in the employ of the Southern Pacific are warned to be careful in regard to this.

WHAT A SLAUGHTER.

In the report of Health Officer Blake, rendered last night, Blake asserted that since the inception of the fly campaign in the neighborhood of 350,000 flies have been killed. This report was received with applause. It was accepted.

ORDINANCES COME UP.

The ordinance repealing the office of gas inspector came up for its final reading and passed. The vehicle ordinance and the ordinance regulating motor vehicles came up for the first reading.

CHAMBERLAIN IS SPECIAL.

Chief of Police Arnold's appointment of Albert Chamberlain as police officer was ratified by the council. Chamberlain will serve without pay.

TIME ON OPTIONS EXTENDED.

Rollins & Sons, bond buyers of San Francisco, were last night allowed an extension of time on the options on the taking over of the tunnel and harbor bonds.

PLANS ARE ADOPTED.

A resolution, adopting plans and specifications for the improvement of Cutting boulevard eastward to the city limits, was adopted.

URGES WORK RUSHED.

Levi Boswell appeared before the board and urged that the work of widening Tenth street south be rushed. Boswell asserted that the residents of this street, to a unit, want the work to go ahead immediately, that it may be completed while the weather is good. Plans and

specifications for the work on the street, calling for a bituminous type of paving, will be completed soon.

**STEEL RAILS FOR
SANTA FE
ARRIVE**

Forty-three cars of ninety pound steel rails arrived in the Santa Fe yards yesterday morning to be used on the re-tracking project between Ferry Point and Pacheco, work on which has already started. During the afternoon over forty men were engaged in stringing the new tracks from Ferry Point and laying will soon start. The section between here and Pacheco is the only remaining section between Richmond and Chicago that has not been relayed with a heavy rail, and with its completion in the next six months the Santa Fe will have a heavy rail system to the East.

**PILE TESTING IS
TOO HIGH EVEN
FOR COUNCIL**

Because Engineer Haviland deemed the bids of the two opposing companies, the Healey-Tibbitts Construction Company and Murry Elwell Company on the test pile driving and the test boring too high, neither of the bids was accepted by the council at the meeting last night. Bids for the work will be immediately re-advertised and will be opened next Monday night.

On the driving of test piles the bid of the Healey-Tibbitts Company for the six wooden and two concrete piles totaled \$1680. The bid of the other company on the test piling was \$875.

For the test boring there was the same wide difference in the figures submitted by the two companies. Healey & Tibbitts offered to do the work for \$65 a test, while the Murry Elwell Company would do the work for \$150 for the first test and \$100 for each subsequent test.

**TWO CITY DESKS
ARE VACATED
BY EDITORS**

Two important changes occurred in the Richmond newspaper world yesterday, when Judge J. L. Kennon resigned his post as city editor of the Record-Herald, and simultaneously with this announcement came one from the Independent to the effect that Robert C. Erwin would vacate a similar post held with the Independent.

William Martin, a young newspaperman, who has been employed on the various papers about the bay, succeeds Erwin. The latter has gone to Sacramento and has entered the employ of the Star of that city.

G. E. Milnes has decided to handle the desk for the Record-Herald. Kennon has made no plans for the future, having disposed of his stock and interests in the paper with which he has been connected for a good many years.

Erwin and Kennon were both well acquainted in Richmond and their successors will undoubtedly find it difficult to fill their shoes.

**TAXES POUR
UPON COUNTY
COLLECTOR**

A total of \$729,004.33 has been collected in taxes in Contra Costa this year, according to the report submitted by Tax Collector M. W. Joost Saturday morning. This grand total of collections deducted from the total tax charge of \$749,952.40 leaves the delinquent total, the sum of \$18,948.07 which is considerable more than last year but which in a large measure is accounted for by the many small tract assessments levied this year which were not on the rolls last year.

The second installment collections amounted to \$165,996.59 and over \$55,000 was collected on the last day, April 28th. The first installment collections amounted to \$563,007.73.

How people lose their money

By concealing it about their person; by stowing it away in mugs, jugs and jars; by sewing it up in skirts and ticks; by tucking it under the couches and carpets, in cupboards and bureau drawers. These are some of the ways by which people lose their money, and sometimes their lives.

How people save their money

By depositing it in a good, reliable bank.
Confident that this bank fully meets the public's needs, we tender its services to all who believe in keeping on the safe side.

BANK OF RICHMOND
